Some library databases will build citations for you that you can copy and paste. Here’s where to find those helpers. *Computer-generated citations should be checked against a manual or model citation, especially the capitalization, indentation, and line spacing.* See our citation site, above.

### Ambrose Digital Video
1. On the Ambrose page for the video you want to cite, click **Cite This Program** under the video thumbnail.
2. A list of citations for the video will appear in various formats. They will need work to make them correct.

### ARTstor
Click on the thumbnail of an image. Click the Generate Citation button to see citations in three formats.

### Books and audiovisual media
1. In the Primo Library Search ([https://librarysearch.chemeketa.edu](https://librarysearch.chemeketa.edu)), click on the title of the item you want to cite.
2. In the Send To menu, click the Citation link. A variety of styles will be displayed.
   - **Note:** The citation will be for the physical version of the item.

### Britannica Online Academic Edition
1. Click the **Cite** control at the top of the article.
2. Choose the desired style from the dropdown menu.

### CINAHL
1. Click on the title of the item you want to cite.
2. In the **Tools** box near the beginning of the article, click **Cite**.
3. Citations in a number of formats will appear simultaneously.

### CQ Researcher
1. In the article you want to cite, click the **Cite Now!** link near the top of the page.
2. An APA-style citation appears in the popup window. Click on MLA or Chicago to change.

### Ebook Central [books]
1. On the main ebrary page for the book, click **Cite Book**, OR
2. Within the book, click the **Get Citation** button.
3. Use the dropdown menu to select your preferred style.

### Education Full Text
1. Click on the title of the item you want to cite.
2. Click **Cite** in the area at the toolbox for the article.
3) Citations in a number of formats will appear simultaneously.

### Gale - Most Gale Databases
1) Click on the title of the item you want to cite.
2) In the **Toolbar** above the article, click the Cite control
3) Choose MLA 8th, APA 6th, or Chicago 17th.

### Gale – Business Insights: Global
1) Click on the title of the item you want to cite.
2) Click on the Cite button near the top of the article
3) Choose MLA 7th or APA.
4) Note that the link following the citation is *not* part of the citation itself.

### Gale - Nursing Resource Center
1) Click on the title of the item you want to cite.
2) Under the title of the article, click on the **How to Cite** icon.
3) Choose MLA (6th only) or APA (5th only).

### Imagequest
1. Click on the thumbnail or title of a picture to display it in a larger size.
2. Under **Cite**, pull down the menu and choose the the style you want (APA, MLA, Chicago). A citation is formatted to the style you select.

### Intelecom
1) Click on the title of the item you want to cite.
2) Click the Citations button near the bottom of the screen.
3) Citations in a number of formats will appear simultaneously.

### Issues and Controversies
1) Click on the title of the item you want to cite.
2) MLA citation and option for Chicago format appear at the very end of the article.

### JSTOR
1) Click on the article title to reach the article information page.
2) Click the **Cite This Item** button to see MLA, APA, and Chicago citations

### LearningExpress
No automatic help. See [http://libraryguides.chemeketa.edu](http://libraryguides.chemeketa.edu) for Citations. (But try looking up a book title at [http://www.worldcat.org](http://www.worldcat.org) and clicking **Cite/Export** to get a citation for the print ed.)

### Orbis Cascade E-books (Taylor & Francis)
No automatic help. See [http://libraryguides.chemeketa.edu](http://libraryguides.chemeketa.edu) for Citations.

### Orbis Cascade E-books (Wiley)
APA only. Click Tools, then Export Citation to see an APA citation. See [http://libraryguides.chemeketa.edu](http://libraryguides.chemeketa.edu) for MLA or Chicago Citations.

### Ovid Journals
1) Check the box next to the title(s) you want in the result list.
2) Click the **Export** link in the header above the list of articles.
3) In the popup window, choose Microsoft Word or PDF format.
4) Click the radio button next to Citation (Author, Title, Source).
5) From the dropdown list of Citation Styles, select APA, MLA, Chicago, etc.
1) Click the **Export Citation** button.
